NOTICE DATES

2018-01-03 to 2018-01-09

MAINTENANCE NOTICE

The Toronto Pearson Noise Office publishes Maintenance/Construction Notices for resident awareness of airfield maintenance and construction that could lead to increased usage of other runways. This is regular, scheduled maintenance that may consist of but is not limited to grass cutting, rubber removal, patching, electrical work, and line painting. This schedule is subjected to change, and unscheduled runway unavailability may occur.

RUNWAYS IMPACTED

No scheduled runway closures for maintenance planned this week.

Please note that winter operations (for example snow removal, runway treatment) may impact runway configurations.

To learn more about winter operations at Pearson: https://torontop Pearson.com/Winter_Operations/##

Our [preferential runway system](#) is in effect during the nighttime hours of midnight to 06:30. Maintenance on those runways could mean increased use of other runways while work is underway.
